

Privacy Policy

This policy covers data collection and use relating to individuals who visit Behive s.r.o., Trieda KVP 1 040 23 Košice website <http://www.emprover.tech>. It does not cover data collection or use related to sites linked to from this site. For information on the privacy practices of these sites, please see that site's privacy policy.

While this policy can speak directly to data, which Behive collects and uses, data collected by other parties with embedded content or services within this site are not covered by this policy. For more information about other parties on this site please see Third Parties on This Site.

Policy Summary

Behive takes seriously the privacy of our website visitors and the security of their personal information. We will use information you provide us to comply with your requests or as otherwise disclosed when you submit your information. We do not supply third parties with personal data for their own independent use, though we reserve the right to transfer or sell your personal information and other information to our successors in business and purchasers of site assets.

From time to time, we may refer to the information which you provide to better understand your needs and how we can improve our services. We may also use this information to contact you.

Data Volunteered by Visitors as They Use This Site

Visitors to this site may be asked to provide information about themselves in order for us to fulfill their requests. For instance, our *contact form for businesses* or *Want to develop with us* form may ask for personal information including name, email address and inquiry. This type of volunteered information will be used for the purpose for which it was supplied and may be shared with, or directly collected by, third party service providers working on our behalf to accomplish this purpose.

All volunteered personal data will be stored for a period of time dictated by the purpose for which it was offered and protected by security commensurate to the data's level of sensitivity.

Passive Data Collection as You Visit This Site

As you request pages on this site, your browser will send standardized information, enabling our servers to supply you with the content you requested. This information will include:

- *Information about your browser and computer operating system.*
- *Search Terms.*
- *IP address.*
- *Referring information.*
- *Cookies.*

Passive Data collected by this site is not used to identify visitors and used solely for site administration and optimization. This Passive Data, stored in web server logs, is stored for no longer than two years.

Security

We have committed to taking reasonable steps to ensure the security of your information. To prevent unauthorized access, maintain data accuracy, and ensure the appropriate use of information, we have put in place appropriate physical and electronic procedures to safeguard and secure information collected on this website.

Precautionary Warning

Please note that no data transmission over the internet is 100% secure. As a result, we cannot guarantee the security of the information that you transmit via our online services. Please note that we reserve the right to access and/or disclose the visitor's information discussed herein (including personal information) as required by courts and/or administrative agencies and to the extent required to permit us to investigate suspected fraud, harassment or other violations of law or our Site Terms of Use or policies.

Cookie Policy

This Cookie Policy explains how www.empover.tech uses cookies and similar technologies to recognize you when you visit our website. It explains what these technologies are and why we use them, as well as the choices for how to control them.

What is a cookie?

A cookie is a small text file that is stored on your computer by websites that you visit. They are widely used in order to make websites work, or work more efficiently, as well as to provide information to the owners of the site in order to identify your browser, provide analytics or remember information about you such as your language preference.

Use of cookies

We use cookies served by Google Analytics to collect limited data directly from end-user browsers to enable us to better understand your use of our website. In particular, we use cookies ‘_ga’, ‘_gat’ and ‘_gid’ to collect information in a way that does not directly identify anyone, including the number of visitors to the website and blog, where visitors have come to the website from and the pages they visited.

Further information on how Google collects and uses this data can be found at: <https://www.google.com/policies/privacy/partners/>

How you can manage cookies?

Most web browsers allow some control of most cookies through the browser settings. To find out more about cookies, including how to see what cookies have been set, visit www.aboutcookies.org or www.allaboutcookies.org.

To find information relating browsers, please visit the browser developer's website.

You can opt-out of all Google supported analytics on our Websites by visiting: <https://tools.google.com/dlpage/gaoptout>
